

The Healing of the Nation

Kenneth Copeland (Tongues)

Tracy Harris—Yes, for the man shall not change the office, but the office shall change the man. For the Glory of this nation shall rise and take a stand, for that which is written shall certainly be and shall come to pass on all humanity, from sea to shining sea. For it shall not be shaded this way or that, but it will cause the opposition to freedom to fall down flat. And the power of the Lord shall pull out the slack of the nation which had no moorings, and the power of the Lord shall not hold back. For it shall come and unite, white and black and every race for the Glory of the Lord shall come upon this place.

Kenneth Copeland (Tongues)

Tracy Harris—Yea, for the walls shall be pulled down. For it has already started for the power of the Lord against these things that have held back the gospel has been imparted. Even the separation of church and state shall fall and its fall shall be great. For the power of the Lord shall come. Even now it's at the gate and the enemy is shuddering, for he does hear the sound of the Army of the Lord marching near.

Kenneth Copeland (Tongues)

Tracy Harris—For the Helper shall come alongside and the Church shall see in the Spirit and begin to pray. And they'll begin to pray in the understanding and even in the Spirit this way. (singing) Oh, the Lord God is helping, heaven is moving in this place for

the Spirit of the Lord is speaking and the enemy's gone without a trace. And the power of the Lord shall begin to sweep and revival shall certainly be released. For the Spirit of God has come upon all men to create what we prayed for, even this peace.

Kenneth Copeland (Tongues)

Tracy Harris—For this thing was started long ago. For you other men have labored and you've entered into their labors. For you've picked up their commission and in the plan that I gave unto them, first the plan for all men. And as you've picked it up and you've begun to run your race, the early and the latter rain are coming together and it shall all fall into place. For now at the anchor leg, and in this hour, and in this time the Spirit of the Lord is going to bring into the fullness of His plan divine. And it shall not be your plan or not mine, but those that are not born out of the mind, but shall come out of the spirit and shall certainly be released, the plan of God on all that you see.

Brother Copeland, do you remember in *Healing School* when the Word of the Lord came to Mrs. Gloria that He was going to release the anointing to heal a nation? I sat over here and I heard the Word of the Lord—He spoke to me before you said it. I didn't know you were going [to speak]. He said, *I've given you places to walk. Different places in the spirit to walk.* And then you went right to that verse and what I'm saying is, we're seeing the fulfillment of the healing of this nation. And what I sense in my spirit, and I want you to judge this for what came on me, the reason I turned around and came back out here

what I sense in my spirit...a movement of the Glory of God bringing the fullness of those things which began 50 years ago. Of apostolic proportions, miracles and signs and wonders that are going to unfold on a measure that we in this generation have never seen. But it's going to sweep us into the most massive harvest that has been prophesied in the Holy Writ. And I believe from this meeting there's a healing. And you judge this, but there's a healing revival but it's more than just the healing of bodies. It is going to be miracles of wholeness. And I believe that this anointing that's on you now is the culmination of all you've preached toward. What I personally believe, and what I believe I see in the spirit is that the tearing down of this Babylonian system is the release of prosperity, which is the provision. For when you're sick in your body there's a lack in your body—when you're sick in your mind there's a lack in your mind. But it's going to be miracles of wholeness. Absolute wholeness. Not just a healing anointing but wholeness, and I believe with all of my heart you've come into the fullness of that season and you're leading us right into this thing.
